**Source Selection:** Sealed Bids

**Term of Agreement:** Forty-five (45) months ending November 7, 2007.
NOTE: EPA/EPD penalty for missing this date is $2,000/day for 1-14days; $5,000/day for 15-30 days; and $8,500/day for over thirty (30) days. Atlanta CSO Constructors Obayashi and Mass Ana, joint venture partners) has agreed to pay $10,000 for each day of delay in Final Completion.

**Bids/Proposals Received:** Five (5)

**Bidders/Proponents:**

| Bidders: | Contract A | Contract B | Discount | Total A&B |
|---|---|---|---|---|
| Affholder/W. L. Hailey | $127,489,380 | $146,612,180 | ($6,251,560) | $267,850,000 |
| Frontier-Kemper/Gunther-Nash | $ -0- | 198,582,472 | -0- | N/A |
| Kenny/GSC Atlanta, Inc. | $158,500,000 | 189,500,000 | -0- | 248,000,000 |
| Atlanta CSO Constructors (Obayashi and Mass Ana, joint venture partners) | $ 99,700,000 | 114,400,000 | (3,869,000) | 210,231,000 |
| Shea-Traylor | $129,487,490 | 142,499,970 | (4,000,000) | 267,987,460 |

**Justification Statement:**
On October 29, 2003, a Qualification package was released. Six (6) Bidders responded to the package on December 10, 2003. An evaluation concluded that only five (5) bidders qualified. Clark Construction Group, Inc. of Bethesda, MD did not qualify. It was a required that:

a) the two (2) Project Manager candidates have a satisfactory completion on at least two (2) TBM excavated, deep hard rock, concrete lined tunnel projects in the last fifteen (15) years with diameters of at least twenty (20) feet and at least fifteen thousand (15,000) feet in length; and,
b) Clark or their JV partner have experience in building pumping stations.

Clark did not provide evidence of such experience.

A Request for Quotation was released to the five (5) pre-qualified Bidders on January 12, 2004. The response date to this package was scheduled for February 25, 2004.

OCC placed a requirement on any potential arrangement of 17% MBE and 17% FBE without an allowance for counting any of the sub-contractors more than once. Based on the actual bid of $210,231,000.00, the impact over the next four (4) years will be $71,478,540.00 to the MBE/FBE businesses. Mass Ana, the joint venture partner to Obayashi, a FBE. A listing of proposed FBE/MBE subcontractors is shown on Attachment 1.

Questions on specification and drawing clarifications were responded to in Addendum No. 1 issued on February 6, 2004. The response date was also extended to March 3, 2004.

A Pre-Bid meeting was held on February 10, 2004 for the Bidders and their potential sub-contractors to obtain clarification to drawings and specifications. At the conclusion of the meeting, an opportunity was given to the attendees to view core samples obtained from the North Avenue and Clear Creek surrounding areas.

Addendum No. 2 was issued on February 25, 2004 to restate responses given in the Pre-Bid conference and to respond to additional questions presented since the conference. The already revised Bid due date was not affected.

Proposals were received from the five (5) pre-qualified bidders. The result of these bids is shown above. Atlanta CSO Constructor's (Obayashi and Mass Ana, joint venture partners) bid was $210,231,000.00 for the entire West Area CSO Project. This Project is based on phased funding over a four (4) year period. The payment schedule is as follows:

| | | |
|---|---|---|
| 2004 | 30.0% | $63,069,300.00 |
| 2005 | 24.0% | $50,455,440.00 |
| 2006 | 36.0% | $78,683,160.00 |
| 2007 | 10.0% | $21,023,100.00 |

This funding will come from accounts 2J26 574001 Q381027999 2J27 574001 Q381027999. Initial payment is covered by Requisition Number Q3814003 for $63,069,300.00 for the first year from account 2J27 574001 Q38102679999.

Obayashi, the prime for this joint venture team, is currently working on the Nancy Creek Tunnel Project for the City. Because of the proximity of equipment, personnel and materials for the Nancy Creek Project, their bid was $37,769,000.00 lower than the next lowest bidder.

This is a Consent Decree required project to be completed no later than November 7, 2007. To expedite the initiation of this program, dummy Legislation was issued to reserve Committee time on the agenda and Mayor Franklin has been asked to facilitate the execution of a final document.

The time spent by DOP to bring this Agreement to conclusion by March 31, 2004 will be a total of seventy-two (72) days or 40.0% more efficient than the one hundred twenty (120) days Procurement benchmark.
