AN ORDINANCE AUTHORIZING THE MAYOR OR
HER DESIGNEE TO EVALUATE, PURCHASE AND
INSTALL A CITYWIDE AUTOMATED WATER
METER READER SYSTEM; AND FOR OTHER
PURPOSES

WHEREAS, the City is presently in the process of performing certain upgrades
and renovations to its water and wastewater systems; and

WHEREAS, the City of Atlanta presently uses a manual system for the reading
of water meters; and

WHEREAS, many of the City's meters require replacement by the Department of
Watershed Management; and

WHEREAS, replacement of meters will result in an accurate accounting of all
water and sewer customers in the City of Atlanta, potentially reducing the rate
increases necessary to fund the Capital Improvement Program; and

WHEREAS, implementation of an automated meter reading system will enable
readings to be obtained electronically, which will reduce the cost of operation for
the Department of Watershed Management; and

WHEREAS, the City Council is desirous of the implementation of such a system, since
the upgrading of the meter-reading process will result in greater efficiency, accurate
reporting of water usage, and a greater potential for increased revenue.

NOW, THEREFORE BE IT RESOLVED BY THE COUNCIL OF THE
CITY OF ATLANTA, GEORGIA as follows:

SECTION 1: That the Mayor or her designee is hereby authorized to establish a
citywide automated water meter-reading system.

SECTION 2: That the Mayor or her designee is hereby authorized to assign priority
status to this project, and is requested to report to City Council on a quarterly basis
beginning May, 2004, as to the status of the implementation of this system until
implementation is substantially complete.

A true copy,

Rhonda Laughlin Johnson
Municipal Clerk, CMC
