Dear Derrick,

I received an email forwarded by Robert Smith from you regarding nominations for the Tree Conservation Commission. I am very interested in becoming more involved with the city and would love the opportunity to be a part of the Commission. I have lived in the city limits of Atlanta for the last four years, I have lived in metro Atlanta since 1986, and I am steadfast in my desire to help Atlanta grow with integrity to the environment we occupy.

From what I read in the email the deadline was today and since I received the email today, it was impossible to get you the information you requested by the deadline. However, I wanted to write to you, showing my interest, for consideration in filling such a position in the future. Below is my home address, phone number, and email.

We have found Todd to be an intelligent and energetic member of our organization and I am confident that he will bring those same attributes to the Tree Conservation Commission.
