

AN AMENDED ORDINANCE BY  
FINANCE/EXECUTIVE COMMITTEE

05-0-0065

ANTICIPATING AND APPROPRIATING THE PROCEEDS OF THE \$51,264,106.45 2004 QUALITY OF LIFE IMPROVEMENT BONDS SOLD ON DECEMBER 1, 2004 AND CLOSED ON DECEMBER 16, 2004; AMENDING THE 2004 (SINKING FUND) BUDGET FOR THE PURPOSE OF ANTICIPATING THE ACCRUED INTEREST AND THE APPROPRIATION OF THESE FUNDS TOWARD PAYMENT OF INTEREST ON THE BONDS, AND FOR OTHER PURPOSES

**WHEREAS**, \$51,264,106.45 of the \$150,000,000 2000 Quality of Life Improvement Bonds (approved by voters on November 7, 2000) were sold on December 1, and such issue closed on December 16, 2004; and

**WHEREAS**, voters approved the issuance of the 2000 Quality of Life Improvement Bonds to fund projects in the four broad categories of Sidewalk Program; Public Plazas and Greenspaces; Public Streets, Bridges & Viaducts; and Public Traffic Control Devices; and

**WHEREAS**, resolution 00-R-0953 (attached hereto as Exhibit A), expressed the intent of the Mayor and the Council to use the proceeds of the Quality if Life Bonds for specific projects, within these categories; and

**WHEREAS**, the Departments of Public Works and Planning have recommended which specific projects should be funded with the proceeds of the first issue of the 2004 Quality of Life Improvement Bonds via a memorandum dated December 29 , 2004, (attached hereto as Exhibit B); and

**WHEREAS**, the proceeds of the sale must be anticipated and appropriated so that the city can begin drawing the funds to pay for the necessary public improvements; and

**WHEREAS**, in order to recognize these bond proceeds in 2004, during the closing of the books, these funds were appropriated to reserve account 1C50 793001 J11X020192BH to be transferred to project centers upon adoption of this legislation; and

**WHEREAS**, interest has accrued from the dated date of the bonds and must be anticipated and appropriated in the 2004 Sinking Fund Budget for the June 1, 2005 payment of interest expense on the bonds; and

**NOW, THEREFORE BE IT ORDAINED BY THE COUNCIL OF THE CITY OF ATLANTA, GERORGIA AS FOLLOWS:**

**Section 1:** That the following amendments to the 2005 Budget be made (2004 Quality Of Life Bond Funds):

MICHAEL A. DOBBINS  
Commissioner

Department of Planning  
and Development

October 2, 2000

The Honorable Robb Pitts, President  
and Members, Atlanta City Council  
City of Atlanta

Dear President Pitts and Members of Council:

Attached is the latest version of Schedule A for the upcoming bond referendum. As you will see, we are still refining the project listing to assure that it is consistent with your goals of specificity of projects; parity among Council districts; and within the budgets set by categories under the bond election ordinance. We would hope that you could endorse it by resolution in this form, with the understanding that the detail may be tweaked as Public Works and Planning staff continue to work with Council members on its refinement. We are aware that a "best and final" intent list is your preference, and this represents our closest approximation to meet that preference at this time.

Please call David Peters or myself to follow up on this listing, and thank you for your consideration.

Sincerely,

Michael A. Dobbins

c: Larry Wallace  
DeWayne Martin  
Greg Pridgeon

10/2/00  
Received on the Floor of Council during discussion  
of 00-R-0953 includes Exhibit A to 00-R-0953.  
Chairperson Morris Made a Motion, properly Seconded to  
refer this item back to Committee.

## **Exhibit A**

### **Quality of Life Improvements Bond Projects**

The projects and programs listed below are all directed at improving the quality of life for Atlanta's citizens, all related to improving the safety and quality of Atlanta's pedestrian environment.

The projects are organized under four broad headings: Sidewalks (about \$47,000,000) Public Plazas and Greenspace (about \$26,000,000); Streets, Bridges and Viaducts (\$55,500,000); and Traffic Control Devices (about \$17,000,000). It should be noted that the sum of these projects will be less than \$150,000,000, the difference reflecting the cost of preparing the bond issue.

Sidewalks are programs and projects that build new or repair existing sidewalks and create attractive and community supportive streetscapes and intersections. (Priority sidewalk projects are attached).

Public Plazas and Greenspace includes programs and projects designed to create public places of quality to support the City's overall community building activities, including public plazas supporting neighborhood retail centers; greenway park systems that serve to support water quality improvement and to connect neighborhoods to nearby schools, retail centers and transit stops. (Priority public plazas and greenspace programs and projects are attached).

Streets, Bridges and Viaducts are programs and projects that improve the City's street environment by creating or retrofitting streets to favor the safety and quality of the pedestrian, bicycle and transit environment in neighborhoods and commercial centers throughout the City. (Priority streets, bridges and viaduct projects are attached).

Traffic Control Devices are programs and projects that are designed to create traffic calming and pedestrian safety devices in roadways and rights-of-way throughout the City as well as retooling the City's traffic signalization system to slow and control vehicular traffic and improve the pedestrian crossing experience and safety, again throughout the City. (Priority Traffic Control Device and related projects are attached).

Taking the projects and programs as a whole, the bond funds will be equally allocated to each Council District or to systems that have City-wide application.

DRAFT

**Quality of Life Improvements Bond Projects**

The projects listed below are designed to promote safe, visually pleasing, and convenient connections between people and places. They are organized in four broad categories: Sidewalks; Plazas and Greenspace; Streets and Bridges Traffic Control Devices. Sidewalks include basic pedestrian ways, streetscapes that make walking pleasant, and intersection improvements that favor pedestrians. Plazas and Greenspace include livable communities/activity centers and greenspace enhancements. Streets and Bridges include bicycle and roadway improvements. Traffic Control Devices include traffic calming devices and traffic control measures.
