AN ORDINANCE

**BY COUNCILMEMBERS MICHAEL JULIAN BOND, KWANZA HALL, JOYCE SHEPERD, IVORY L. YOUNG JR., AARON WATSON, AND H. LAMAR WILLIS
AS SUBSTITUTED BY TRANSPORTATION COMMITTEE**

AN ORDINANCE TO AMEND CHAPTER 150, ARTICLE IV, DIVISION 3 OF THE CITY OF ATLANTA CODE OF ORDINANCES "ENTITLED PARKING METERS" SO AS TO PROVIDE FOR A NEW SECTION 150-138 ENTITLED "INSTALLATION OF NEW PARKING METERS", AND FOR OTHER PURPOSES.

WHEREAS, the City of Atlanta is in the process of implementing certain changes to its on-street parking meter program to facilitate the efficient operation of metered parking to benefit residents, business owners, visitors, patrons of the arts and all members of the public; and

WHEREAS, from time to time, the City of Atlanta, through its Department of Public Works, may decide to install parking meters in locations where parking meters are not presently installed; and

WHEREAS, prior to the installation of such meters, it is the desire of the Department of Public Works to provide appropriate notice to persons and businesses that may be affected by the installation of said new parking meters.

WHEREAS, prior to the installation of such meters, it is the desire of the Department of Public Works to provide appropriate notice to members of the Atlanta City Council's Transportation Committee so as to afford concerned citizens and businesses the opportunity to provide relevant input to the Transportation Committee prior to the installation of such meters.

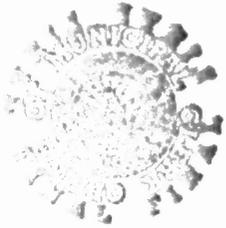

NOW, THEREFORE, IT IS HEREBY ORDAINED BY THE COUNCIL OF THE CITY OF ATLANTA, GEORGIA, as follows:

Section 1: That new Section 150-138 of the City Code of Ordinances shall be adopted to read as follows:

Section 150-138. - Installation of New Parking Meters

Whenever the commissioner of public works determines that new parking meters should be installed in the public right-of-way, the following steps will be taken by the department of public works prior to any such installation:

- (a) At least thirty (30) days prior to the proposed installation of parking meters, all affected property owners will be provided with notification of such proposed installation by first class mail. Such written notice will provide the affected property owners with information as to the department official to contact with any comments such persons may wish to provide.

- (b) Thirty (30) days prior to the next published meeting date, the NPU where the proposed installation is to take place will be provided with notification of such proposed installation by first class mail. Such written notice will provide the affected NPU with information as to the department official to contact with any comments and recommendation the NPU may wish to provide.
- (c) At least thirty (30) days prior to the proposed installation of parking meters, notification will be given to the City Council Transportation Committee of such proposed installation so that community input can be received through the "Public Comment" portion of a designated Transportation Committee meeting.

Section 4: Should it be found that any ordinance or parts of any ordinance are in conflict herewith, then those sections contained herein shall be deemed controlling.
