**A RESOLUTION
BY CITY UTILITIES COMMITTEE**

11- R -0620

A RESOLUTION AUTHORIZING THE MAYOR TO ENTER INTO AN AGREEMENT FOR RIVER/LAKE INFORMATION MANAGEMENT SERVICES WITH THE ATLANTA REGIONAL COMMISSION IN AN AMOUNT NOT TO EXCEED TWO HUNDRED FIFTY THOUSAND DOLLARS, SEVEN HUNDRED TWENTY-THREE DOLLARS AND FIFTY CENTS (\$250,723.50); ALL CONTRACTED WORK SHALL BE CHARGED TO AND PAID FROM THE LISTED FUND DEPARTMENT ORGANIZATION AND ACCOUNT NUMBERS IN THE FOLLOWING AMOUNTS: FY 2011-5051 (WATER AND WASTEWATER REVENUE FUND) 170101 (DWM COMMISSIONER OF WATERSHED MANAGEMENT) 5212001 (CONSULTING / PROFESSIONAL SERVICES) 1320000 (CHIEF EXECUTIVE) - \$55,043.00 AND 5051 (WATER AND WASTEWATER REVENUE FUND) 170413 (DWM TREATMENT PLANT - NORTH AREA) 5212001 (CONSULTING / PROFESSIONAL SERVICES) 4430000 (TREATMENT) - \$27,521.50, FY 2012: - 5051 (WATER AND WASTEWATER REVENUE FUND) 170101 (DWM COMMISSIONER OF WATERSHED MANAGEMENT) 5212001 (CONSULTING / PROFESSIONAL SERVICES) 1320000 (CHIEF EXECUTIVE) - \$55,711.00 AND 5051 (WATER AND WASTEWATER REVENUE FUND) 170413 (DWM TREATMENT PLANT - NORTH AREA) 5212001 (CONSULTING / PROFESSIONAL SERVICES) 4430000 (TREATMENT) - \$27,855.50, FY 2013: 5051 (WATER AND WASTEWATER REVENUE FUND) 170101 (DWM COMMISSIONER OF WATERSHED MANAGEMENT) 5212001 (CONSULTING / PROFESSIONAL SERVICES) 1320000 (CHIEF EXECUTIVE) - \$56,395.00 AND 5051 (WATER AND WASTEWATER REVENUE FUND) 170413 (DWM TREATMENT PLANT - NORTH AREA) 5212001 (CONSULTING / PROFESSIONAL SERVICES) 4430000 (TREATMENT) - \$28,197.50; AND FOR OTHER PURPOSES.

WHEREAS, the City of Atlanta ("Atlanta") and local governments satisfy all or portion of their water needs by withdrawing surface water from the Chattahoochee River; and

WHEREAS, Atlanta and other local governments ("Participants") desire to provide for the efficient use of water resources for water supply and water quality, and to assure the continued availability of the foregoing water resources by providing information for appropriate releases of water from Lake Lanier by the United States of America (the "Government") and from Morgan Falls Dam by Georgia Power Company (the "Company"); and

WHEREAS, pursuant to O.C.G.A. § 50-8-99.1 of the Code, the Atlanta Regional Commission ("ARC") is authorized to act as the contracting and coordinating agent for the Participants under certain conditions; and

WHEREAS, each of the Participants hereby agrees, approves and authorizes ARC to act as its agent to provide information on needs for the release of water from Lake Lanier, the implementation of a statement of policy with the Company (the "Statement") regarding the

release of water from Morgan Falls Dam, and the cooperative management of the water resources in Lake Lanier and the Chattahoochee River below Buford Dam (the "project"); and

WHEREAS, the Participants and ARC desire to enter into an agreement to allocate the costs and benefits associated with the project, establish obligations and responsibilities of each of the Participants delineate the relationship among the parties, and address any other matters which may be necessary or convenient to assure the successful implementation of the project.

WHEREAS, the City's portion of funding of the Agreement is an amount not to exceed Two Hundred Fifty Thousand Dollars, Seven Hundred Twenty-Three Dollars and Fifty Cents (\$250,723.50).

THE CITY COUNCIL OF THE CITY OF ATLANTA, GEORGIA HEREBY RESOLVES, that the Mayor is authorized, on behalf of the City of Atlanta, to enter into an Agreement for River/Lake Information Management Services to provide an information management and accounting system for gathering data and providing information used to make water control decisions from the Chattahoochee River.

BE IT FURTHER RESOLVED, that the City Attorney is authorized to prepare and to approve as to form an agreement substantially to same as the agreement attached as Exhibit "A," for execution by the Mayor in an amount not to exceed Two Hundred Fifty Thousand Dollars, Seven Hundred Twenty-Three Dollars and Fifty Cents (\$250,723.50).

BE IT FURTHER RESOLVED, that all contracted work shall be charged to and paid from the listed fund department organization and account numbers in the following amounts: **FY 2011-** 5051 (Water and Wastewater Revenue Fund) 170101 (DWM Commissioner of Watershed Management) 5212001 (Consulting / Professional Services) 1320000 (Chief Executive) - \$55,043.00 and 5051 (Water and Wastewater Revenue Fund) 170413 (DWM Treatment Plant - North Area) 5212001 (Consulting / Professional Services) 4430000 (Treatment) - \$27,521.50, **FY 2012:** - 5051 (Water and Wastewater Revenue Fund) 170101 (DWM Commissioner of Watershed Management) 5212001 (Consulting / Professional Services) 1320000 (Chief Executive) - \$55,711.00 and 5051 (Water and Wastewater Revenue Fund) 170413 (DWM Treatment Plant - North Area) 5212001 (Consulting / Professional Services) 4430000 (Treatment) - \$27,855.50, **FY 2013:** 5051 (Water and Wastewater Revenue Fund) 170101 (DWM Commissioner of Watershed Management) 5212001 (Consulting / Professional Services) 1320000 (Chief Executive) - \$56,395.00 and 5051 (Water and Wastewater Revenue Fund) 170413 (DWM Treatment Plant - North Area) 5212001 (Consulting / Professional Services) 4430000 (Treatment) - \$28,197.50.

BE IT FINALLY RESOLVED, that this agreement will not become binding on the City, and the City will incur no obligation or liability under it until it has been approved as to form by the City Attorney, executed by the Mayor, attested to by the Municipal Clerk, and delivered to ARC.

“Exhibit A”

AGREEMENT FOR RIVER/LAKE INFORMATION MANAGEMENT SERVICES

THIS AGREEMENT, entered into as of the ___ day of _____ 2011, by and among the ATLANTA REGIONAL COMMISSION (hereinafter referred to as "ARC") and the CITY OF ATLANTA (hereinafter referred to as "Atlanta"); the Atlanta – Fulton County Water Resources Commission, a joint venture of the City of Atlanta and Fulton County (hereinafter referred to as AFCWRC); COBB COUNTY-MARIETTA WATER AUTHORITY (hereinafter referred to as "CCMWA"); DEKALB COUNTY (hereinafter referred to as "DeKalb"). (Atlanta, AFCWRC, CCMWA, and DeKalb are sometimes hereinafter referred to as the "Participants" or "Local Governments").

W I T N E S S E T H:

WHEREAS, the Participants are all "participating affected local governments" within the meaning given that phrase in § 50-8-99.1 (a) of the Official Code of Georgia Annotated (the "Code"); and

WHEREAS, each of the Participants satisfies all or portion of its water needs by withdrawing same from the Chattahoochee River; and

WHEREAS, the Participants desire to provide for the efficient use of the water resources for water supply and water quality, and to assure the continued availability of the foregoing water resources by providing information for appropriate releases of water from Lake Lanier by the United States of America (the "Government") and from Morgan Falls Dam by Georgia Power Company (the "Company"); and

WHEREAS, pursuant to § 50-8-99.1 (b) of the Code, ARC is authorized to act as the contracting and coordinating agent for the Participants under certain conditions; and

WHEREAS, each of the Participants hereby agrees, approves and authorizes ARC to act as its agent as aforesaid, subject to the authority given and duties defined herein below, including providing information on needs for the release of water from Lake Lanier, the negotiation of a statement of policy with the Company (the "Statement") regarding the release of water from Morgan Falls Dam, and the cooperative management of the water resources in Lake Lanier and the Chattahoochee River below Buford Dam (the "project"); and

WHEREAS, the Participants and ARC desire to enter into this agreement in order to allocate the costs and benefits associated with the project, establish obligations and responsibilities of each of the Participants, delineate the relationship among the parties hereto, and address any other

matters which may be necessary or convenient in order to assure the successful implementation of the project, all pursuant to § 50-8-99.1 (c) of the Code.

NOW, THEREFORE, for and in consideration of the premises and the other mutual benefits to be derived herefrom, each of the parties hereto does hereby agree as follows:

1. Authority of ARC; Acknowledgements. In accordance with § 50-8-99.1(c) of the Code, each of the Participants hereby grants to ARC the authority to act as the sponsor and coordinator of the project, including interacting with the Government and the Company, and negotiating, executing and implementing the Statement. By so authorizing ARC to act on its behalf, each Participant agrees to be bound by each and every applicable provision of the Statement, whether or not a Participant is a party thereto. Each of the Participants hereby specifically ratifies any and all actions taken by ARC on its behalf with respect to the Statement which may have actually occurred prior to this agreement. Each Participant acknowledges that it will be acting in concert with the other Participants with regard to the project and agrees to cooperate with ARC and the other Participants in connection with same.

Each Participant recognizes that this agreement provides only for the management of information. ARC makes no representation with respect to the quality or availability of water. The water level along the Chattahoochee River will be determined in part by river geometry which will not be preserved or controlled by the Government, the Company or ARC. Thus, this agreement shall not be construed as giving any Participant the right to have the water level maintained at any elevation at points along the Chattahoochee River.

Each of the parties hereto recognizes that the water management system is an administrative arrangement for gathering data and providing information used to make water control decisions to insure that the allocated withdrawals from the river can be made when required and that sufficient remaining flow is available to fulfill the requirement for river flow downstream from the junction of Peachtree Creek for water quality purposes. The purpose of the project is to provide an information management and accounting system for the most efficient water management practicable for providing for water supply withdrawals from the Chattahoochee River. It is a goal of the system to provide releases from Lake Lanier only when needed and to schedule releases during peak power demand periods whenever possible, and to allow the Company to operate Morgan Falls Reservoir effectively in providing water supply and water quality flow downstream from the reservoir. Each Participant recognizes that participation in this agreement is being undertaken to fulfill a condition of its state water withdrawal permits.

2. Duties of ARC. ARC shall act as the sponsor for this project pursuant to § 50-8-99.1(c) of the Code. ARC agrees to perform in a timely and professional manner those tasks to be performed by ARC in accordance with this agreement and the Statement, to work with the Government and the Company in furtherance of the goals and objectives of the project, and to coordinate the implementation of the project as planned on behalf of the Participants in

accordance with the terms hereof. More specifically, the activities of ARC in connection with the project shall include, but not necessarily be limited to, the following:

- (a) Interfacing, communicating and working with the Government and the Company on a continuous basis and as may be necessary or proper in order to achieve the wise management of the water resources;
- (b) Representing the interests of the Participants while carrying out the terms and conditions of this agreement and in dealing with the Government and the Company generally;
- (c) Coordinating the activities of the Participants in connection with the project;
- (d) Calling and chairing such meetings of the Participants and/or representatives of the Government, the Company and any other parties responsible for the implementation of the project as may be necessary or desirable from time to time;
- (e) Coordinating the allocation of the water to be withdrawn by the Participants;
- (f) Coordinating the implementation of a river and lake information management and accounting system in cooperation with the Participants, the Company, the Georgia Department of Natural Resources Environmental Protection Division and the Government. More specifically, ARC shall at a minimum:
 - (i) receive in advance estimated water requirements for each day of the following week and actual withdrawals for each day of the previous week from all the Participants;
 - (ii) monitor tributary streamflows on a daily or other appropriate basis through data made available from the Government and the USGS, and estimate inflows;
 - (iii) advise the Government and the Company of weekly water requirements;
 - (iv) coordinate future improvements to the management system; and

- (v) prepare an annual report summarizing the prior year's activities, as well as any other reports reasonably required by the Government;
- (g) Coordinating the withdrawal of all water in accordance with federal, state and local laws;
- (h) Collecting the payments due from each of the Participants hereunder in connection with the project; and
- (i) Maintaining any records related to the project as may be reasonably required by the Government.

Notwithstanding the above, it is understood and agreed that ARC's performance hereunder is, in many respects, conditioned upon the cooperation of other parties, particularly the Government, the Company and the Participants. Consequently, ARC assumes no responsibility for its failure to perform as contemplated herein, or under any agreement, when such failure is caused by the fault of others.

3. Duties of the Participants. The Participants shall perform such duties and shall have the responsibilities including, but not necessarily limited to, the following;

- (a) Taking such actions as may be reasonably required in connection with the project;
- (b) Attending any meetings called by ARC in connection with the project after receiving reasonable prior notice;
- (c) Cooperating with ARC in the effort to provide a river management system by:
 - (i) Designating in writing to ARC a contact person responsible for providing the weekly estimates called for in item (c) (ii) below;
 - (ii) Providing to ARC on a weekly basis an estimate of anticipated daily water withdrawals each day for the upcoming week; including an estimate to be received at ARC by 3:00p.m. on Wednesday of each week and to include the period beginning on the following

Saturday and continuing through the Friday thereafter, as well as an update of the water demand forecast for Tuesday through Friday provided on the Monday of each week by 12:00 noon; and providing ARC each day with the previous day's actual daily withdrawal figures, all of which information shall be provided by electronic mail, by fax transmission or by telephone and promptly confirmed in writing directed to a contact person designated by ARC.

(iii) Providing for the accurate measurement of raw water withdrawals, including metering if necessary, and providing information to ARC regarding the method used to measure raw water withdrawals and estimating future weekly water withdrawals, and cooperating with ARC to improve forecasting methods;

(iv) Maintaining and making available to ARC up-to-date and accurate monthly records of the quantity of water withdrawals and estimates in a form reasonably acceptable to ARC; and

(v) Using their best efforts to withdraw no more water than has been estimated without the prior consent of ARC (i.e. if the estimate given on Wednesday will be exceeded, ARC will be promptly notified no less than 24 hours in advance of the anticipated need so that appropriate action can be taken);

(d) Withdrawing water only in accordance with the terms hereof and the requirements of each Participant's State of Georgia Water Withdrawal Permit;

(e) Maintaining any records related to the project as may be reasonably required by either ARC or the Government; and

(f) Paying their allocable shares of the costs associated with the project in a timely manner.

4. Compensation. For and in consideration of the project management services to be provided by ARC hereunder, each Participant agrees to pay to ARC the sum of:

\$18,093.00	for calendar year 2011
\$18,636.00	for calendar year 2012,
\$19,195.00	for calendar year 2013,

As part of the River/Lake Management System, the United States Geological Survey (USGS) operates and maintains certain gages in Suwanee Creek near Suwanee, Georgia and in Sope

Creek, near Marietta, Georgia. The Participants agree to pay for necessary field and office work by USGS, directly related to such gage operation and maintenance. For this work to be performed by USGS, each Participant agrees to pay to ARC the sum of:

- \$6,950.00 for calendar year 2011
- \$7,075.00 for calendar year 2012
- \$7,200.00 for calendar year 2013

In addition to the fees described above each Participant will be responsible for variable fees as may be assessed by the Government based on each Participant's actual usage. This variable fee is determined on a weekly basis by the peak daily need for the week. The Government charges ARC \$6.85 per million gallons of water forecasted or withdrawn above 327 MGD. The variable fee is weather dependant. The maximum amount to be charged for variable fees for each Participant shall not exceed \$30,000 annually. ARC will calculate the amounts due to the Government each quarter, promptly notify each Participant of their share of the fees and pay the Government upon receipt of payment from each Participant.

5. Indemnification of ARC. The Participants recognize that ARC has assumed the role of project sponsor at the request of the Participants. To the extent allowed by law, each Participant agrees to indemnify ARC and hold ARC harmless from liability of any nature or kind for or on account of any claim for damages which may be filed or asserted by any party as a result of the activities undertaken by ARC as project sponsor and agent of the Participants in connection with the project, so long as such activities are performed by ARC in good faith and without willful neglect.

6. Term. This agreement shall be effective as of January 1, 2011 ("Effective Date") and shall continue in full force and effect until December 31, 2013; provided, however, that should performance of this agreement or the project become impossible due to factors outside the control of any of the parties, then this agreement shall be subject to immediate termination upon written notice from ARC or any one of the Participants to each of the other parties to this agreement.

7. Successors. This agreement shall be binding upon and shall inure to the benefit of each of the Parties hereto, its successors and permitted assigns.

8. Entire Agreement; Amendments. This agreement incorporates all prior negotiations, interpretations, and understandings between the parties and is the full and complete expression of their agreement. Any change, alteration, deletion or addition to the terms set forth in this agreement shall be valid only if accomplished by written amendment executed by all parties hereto.

9. Applicable Law. This agreement has been executed and will be performed in the state of Georgia, and all questions of interpretation and construction shall be governed by the laws of such state. Unless expressly provided otherwise by statutory law, venue of any action brought under this agreement shall be in Fulton County, Georgia exclusively.

10. Legal Authority. Each party to this agreement represents to each of the other parties that it is duly authorized and legally empowered to enter into this agreement.

11. Failure to Act. Should any party hereto at any time fail to take any action or make any response required hereunder in a timely manner, then the other parties shall be entitled to act alone with regard to any such matter; provided, however, that the failure of a party so to act or respond shall not affect that party's right to act or respond as to future matters.

12. Severability. If any provision of this agreement or the application thereof to any person or circumstance shall to any extent be invalid and unenforceable, the remainder of this agreement, or the application of such provision to persons or circumstances other than those as to which it is invalid or unenforceable, shall not be affected thereby, and each provision of this agreement shall be valid and shall be enforced to the fullest extent permitted by law.

IN WITNESS WHEREOF, the parties hereto have executed this agreement by and through their duly authorized representatives as of the day and year first above written. This agreement may be executed in counterparts by each party hereto and shall be effective as of the Effective Date.
