Timeline for COA Fire Pension Experience Study

- The Fire Pension Board completed its most recent experience study during FY10.
 - The results of this study were implemented and resulted in change in assumptions concerning actual retirement age and salary increase.
- Per the Pension Reform legislation passed in June 2011 the Fire Pension Board voted to conduct a new experience study at its most recent meeting held on Tuesday, June 12, 2012.
- The experience study will be completed by the Fire Pension Board's current actuary, Southern Actuarial Services.
 - Per Mr. Chuck Carr, the Senior Actuary for the Pension Board we can expect preliminary results of the experience study by October 2012
- Once these results are available the Fire Pension Board along with Southern Actuarial Services will make a presentation to the Finance Executive Committee, similar to the presentation recently made by the General Employee Pension Board.
- The Police Pension Board took similar action at its most recent meeting held on Tuesday, June 12, 2012 and it is reasonable to expect they will have preliminary findings during the same timeline.
