DOB: 9-19-73
DOS: January 4 - January 14, 2014

Dear Sir or Madam:

This office represents Atlanta Medical Center where services were provided to patient Anthony D. Patton from January 4 through January 14, 2014. Per our records, Mr. Patton was in custody of the Atlanta Police Department at the time he received medical treatment at Atlanta Medical Center as evidenced by the attached Arrest Citation. This letter is to inform you that the Atlanta Police Department is responsible for payment of the medically necessary services provided to Mr. Patton.

Georgia law requests that all costs of reasonable and necessary emergency medical and hospital care for inmates and detainees are the responsibility of the governmental unit having physical custody of the inmate or detainee. Please accept this letter as our demand for payment. Please see attached UB04 which represents the facility's formal invoice for total charges of \$238,890.42, however, the expected reimbursement rate for this claim is \$54,473.88.

We look forward to your prompt payment this claim within 15 days from receipt of this letter. If you claim this inmate was not in your custody at the time these medical services were provided, please provide us with the name of the responsible party.

Very truly yours,

William A. Brasher

Dear Public Works Executive:

I just returned from Parents Weekend at Georgia Technology visiting my daughter who resides at 1074 Hirsch Street. This is likely the only road in Atlanta not paved and eroded to the point where upon navigating the wash-outs, my tire slid off the rim and went flat. Attached please see pictures I took of the road and tow truck. The pictures do not do justice to the extremely poor condition this road is in and I strongly encourage you to dispatch your staff to review.

While I would like to be reimbursed for my expenses, what I would really like is the road repaired in a fashion that is sustainable. My daughter's and one of her roommates cars have been hit in the past 5 months as drivers try and navigate around the wash-outs and I already spent \$1000. Out-of-pocket deductible getting it fixed. My daughter tells me occasionally it is filled in with materials from the surrounding area but it only last a short while.

Can you kindly advise a solution to this problem either by contacting my mobile 217-316-6... email: Bryant@gatesair.com or mailing address above?

Thank you in advance for you immediate attention to this problem.

Sincerely,

Bryant Burke

I.11.a

AN ORDINANCE
BY COUNCILMEMBER FELICIA A. MOORE

AN ORDINANCE TO AMEND SECTION 70-28(b)(2) OF THE CODE OF ORDINANCE OF THE CITY OF ATLANTA (“ALARM SYSTEMS”), SO AS TO PROVIDE FOR AUTOMATIC ANNUAL RENEWAL OF THE ALARM PERMIT IF THERE HAS BEEN NO CHANGE OR TRANSFER OF THE PREMISES AFTER THE INITIAL ISSUANCE OF THE PERMIT; AND FOR OTHER PURPOSES.

WHEREAS, failure to annually renew the alarm permit under the “False Alarm” Ordinance, will subject “alarm user” to a \$150.00 civil penalty; and

WHEREAS, if there has been no change in the status of the property, the annual renewal should be automatically renewed.

NOW THEREFORE, IT IS HEREBY ORDAINED BY THE COUNCIL OF THE CITY OF ATLANTA as follows:

SECTION 1: Section 70-28(b)(2) of the Code of Ordinance of the City of Atlanta (entitled “Alarm Systems”), which currently provides as follows:

(b)

Registration/Renewal.

(2)

After the initial issuance of a permit under this article, application for renewal shall be made annually by the anniversary of the date of initial issuance.

Is hereby amended so as to provide for automatic renewal if there has been no change in the status of the property, so that when amended, said Code Section shall provide as follows:

(b)

Registration/Renewal.

(2)

After the initial issuance of a permit under this article, and if there has been no change in the status of the property or the alarm user, the alarm permit shall automatically renew annually on the anniversary of the date of initial issuance.

SECTION 2: All ordinances and code sections and parts of ordinances and code sections in conflict herewith are hereby repealed to the extent of any such conflict.

6814

This legislation amends the Renewal provisions for Alarm Systems listed in Section 70-28(b)(2) of the Code of Ordinances. Currently an alarm user is responsible for submitting an application annually to renew their alarm permit and is subject to a \$150.00 civil penalty if not done. This amendment changes the Code to reflect an automatic annual renewal if there has been no change in the status of the property or the alarm user. At the Tuesday, October 14, 2014 PSLA meeting, the Law Department advised the operational group will provide an update to the Committee on the proposed legislation.

DATE: October 6, 2014

SUBJECT: Implementation of Audit Recommendations: Atlanta Fire Rescue Department and Atlanta Police Department

We follow up on previous audits to assess the extent to which responsible officials have taken timely, appropriate corrective action in response to audit findings and recommendations. The city charter requires my office to report on completed audits, major findings, management's corrective actions, and significant findings that have not been fully addressed.

We followed up on three recommendations issued to the Atlanta Fire Rescue Department and four recommendations issued to the Atlanta Police Department from two audits: *Atlanta Fire Rescue Staffing* (October 2011) and *E911 Communications Center* (April 2013). The recommendations range in age from 17 to 35 months old. Management agreed with all recommendations and planned to implement them in six months to five years; for two of the recommendations management stated implementation was under way. We conducted this follow-up in accordance with generally accepted government auditing standards. Our methods included:

- obtaining and reviewing departments' responses and data submissions to understand how management addressed each audit recommendation
- reviewing prior follow-up work related to recommendations

The Atlanta Police Department implemented all four recommendations we assessed. The Atlanta Fire Rescue Department implemented two recommendations and is working on the

other recommendation we assessed from these reports. As a result of our follow up, we are closing six recommendations and leaving one recommendation open for future follow up. Appendices A and B summarize our assessment of each recommendation.

Generally accepted government auditing standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

We appreciate the courtesy and cooperation of city staff throughout the audit. The team for this project was Brad Garvey and Jamie Amos.

1	<i>Atlanta Fire Rescue Staffing</i> (October 2011) Management Agreed Expected Implementation Date: 1 to 5 years	The fire chief should target additional resources – personnel and equipment to underserved areas and to stations with more out-of-area responses.	The Atlanta Fire Rescue Department opened Station 22 in fiscal year 2013 in an area we identified in the audit as underserved. The department's strategic plan proposes additional new stations and facility renovations that are also consistent with our recommendation. The plan continues, however, to identify increasing apparatus staffing levels to a minimum of four to a truck, which is not consistent with our recommendation. The department has added personnel since the audit; we have not yet assessed how the additional personnel are deployed.	In Progress

1	<p>Atlanta Fire Rescue Staffing (October 2011)</p> <p>Management Agreed</p> <p>Expected Implementation Date: 1 to 1.5 years</p>	<p>The fire chief should reduce turnout time through training, and measuring and reporting fire company performance.</p>	<p>The fire department is measuring and reviewing individual components of response time by station, shift, and battalion at meetings held every two weeks. While units are not meeting the NFPA benchmarks for turnout time, the department's analysis shows that turnout time has improved. Turnout time in Battalion 3, for example, decreased from 90% within 1:46 on shift A in fiscal year 2013 to 90% within 1:30 in fiscal year 2014. The department revised its internal benchmark to 90% within 1:50. The NFPA benchmark calls for 90% of EMS responses to turn out within 60 seconds and 90% of fire and special operations responses to turn out within 80 seconds.</p>	<p>Implemented</p>

5	E911 Communications Center (April 2013) Management Agreed Expected Implementation Date: Within 6 months	The chief of police should direct the E911 Communications Center to require communications staff to properly record their status in the Positron system, eliminating any un-coded time.	According to the E911 director, center supervisors are monitoring the status of call takers to ensure that their status is properly recorded in Positron. 6	E911 Communications Center (April 2013) Management Agreed Expected Implementation Date: Under way	The chief of police should direct the E911 Communications Center to continue to reinforce the existing call dispatching procedures and monitor dispatch times to ensure that call takers continue to transfer information to dispatchers as quickly as possible. Examine individual staff performance times and use the results to target training.	According to the E911 director, the center continues to reinforce its revised dispatch procedures through coaching, supervision, and training. Performance metrics as of March 2014 showed that 53% of priority 1 fire calls were processed within 60 seconds, which is a significant improvement from the original audit. As of February 2013, the center dispatched about 8% of priority 1 fire calls within 60 seconds. The NFPA benchmark is to dispatch 90% of calls within 60 seconds.
