Statement from Atlanta City Councilmember Michael Julian Bond on the city's selection to host Super Bowl 53 in 2019

"I am elated to learn of the announcement by the NFL that Atlanta will host the 2019 Super Bowl!"

"The impact for our city will be tremendous and a fitting reward for the hard work that civic, business, and community leaders have put forth to make Atlanta the very best."

"My congratulations go out to the Atlanta 2019 Super Bowl Committee and the Falcons organization for having brought another Super bowl to our great city."

"I want to especially thank Arthur Blank for his visionary leadership in revitalizing the Falcons organization and creating a new venue which makes it possible to not only host super bowls but other world class events."

"I join with all citizens of Atlanta, anticipating this momentous occasion, as we remain steadfast on our continued march toward greatness." – Atlanta City Councilmember Michael Julian Bond, Post 1 At-Large
