WHEREAS, no emergency power as set forth in this section may be effective for more than 72 hours after the declaration of an emergency; and

WHEREAS, pursuant to Section 2-182 of the Code of the City of Atlanta, the Mayor may issue executive orders which apply to events of short duration and which expire at the next meeting of the City Council subsequent thereof unless ratified by a majority vote of the members present and voting; and

WHEREAS, like much of the world the United States, the State of Georgia, and the City of Atlanta are currently responding to an outbreak of respiratory disease caused by a novel coronavirus named “SARS-CoV-2” and the disease it causes named “coronavirus disease 2019” (abbreviated “COVID-19”); and

WHEREAS, on March 11, 2020 the World Health Organization declared the COVID-19 outbreak a pandemic; and

WHEREAS, on March 13, 2020 the President of the United States announced a national emergency in response to the COVID-19 pandemic, which included two emergency declarations: one under the National Emergencies Act and one under the Stafford Disaster Relief and Emergency Assistance Act; and

WHEREAS, on March 14, 2020 Governor Brian Kemp signed a public health state of emergency to address the COVID-19 pandemic through assisting health and emergency management officials across Georgia by deploying all available resources for the mitigation and treatment of COVID-19; and

WHEREAS, due to the COVID-19 pandemic, on March 16, I declared there to be an emergency in existence within the City of Atlanta pursuant to Section 2-181(a) of the City of Atlanta Code of Ordinances; and

WHEREAS, the Center for Disease Control (“CDC”) has issued guidance on the emerging and rapidly evolving situation of the COVID-19 pandemic, including how to protect oneself from this illness; and

WHEREAS, social distancing is recommended by the CDC to prevent the continued spreading of this illness in the community; and

WHEREAS, the CDC also advises that the use of masks or cloth face coverings will slow the spread of COVID-19; and

WHEREAS, in a August 8, 2020 federal report prepared for the White House Coronavirus Task Force and for distribution to state leaders, it is suggested that Georgia, among numerous other states with serious COVID-19 problems, should revert to more stringent protective measures, such
as limiting social gatherings to 10 people or fewer, closing bars and gyms, and asking residents to wear masks at all times; and

WHEREAS, this document asserts that numerous states including Georgia are in the “red zone” for COVID-19 cases, meaning they had more than 100 new cases per 100,000 people last week; and several states, including Georgia are in the “red zone” for test positivity, meaning more than 10 percent of diagnostic test results came back positive; and

WHEREAS, this document specifically observes that Georgia’s red zone status for both new cases and test positivity rates means that “Current mitigation efforts are not having a sufficient impact and would strongly recommend a statewide mask mandate;” and

WHEREAS, on April 2, 2020, Governor Brian Kemp signed an Executive Order to Ensure a Safe and Healthy Georgia (Governor’s Executive Order 04.02.20.01) to address the COVID-19 pandemic by implementing temporary actions necessary and appropriate to protect the health, safety, and welfare of Georgia’s residents and visitors; and

WHEREAS, subsequently, Governor Kemp has issued a series of Executive Orders which amend and revise the temporary action necessary and appropriate to protect the health, safety, and welfare of Georgia’s residents and visitors; and

WHEREAS, on August 15, 2020, Governor Kemp issued Executive Order 08.15.20.02_0, (Governor’s August Executive Order) which is the latest direction from the Governor concerning temporary actions necessary and appropriate to address the COVID-19 pandemic; and

WHEREAS, the Governor’s August Executive Order provides in pertinent part as follows:

all persons within the state are required to practice social distancing as defined in the order and are prohibited from gathering in groups of more than 50 persons physically present at a single location if, to be present, persons are required to stand or be seated within six (6) ft of any other person

all persons within the state who meet certain specified criteria for higher risk of severe illness as defined by the CDC are required to shelter in place within their homes or places of residence as provided in the order; and

WHEREAS, the Governor’s August Executive Order provides additionally that municipalities, counties, and other governmental entities located in counties that have reached a defined Threshold Requirement may impose Local Option Face Covering Requirements in accordance with the Governor’s August Executive Order; and

WHEREAS, the Governor’s August Executive Order defines the “Threshold Requirement” as “the prevalence in a county of confirmed cases of COVID-19 over the previous fourteen (14) days is equal to or greater than one hundred (100) cases per one hundred thousand (100,000) people according to the Georgia Department of Public Health; and

3
WHEREAS, in accordance therewith, and during the pendency of the term of the Governor’s August Executive Order, the City is empowered to make, amend and rescind such orders, rules, and regulations as may be necessary for emergency management purposes and to supplement the carrying out of the Governor’s August Executive Order, but such orders, rules, and regulations shall not be inconsistent with the Governor’s August Executive Order or any orders, rules, or regulations promulgated by the Governor or by any state agency exercising a power derived from the Public Health State of Emergency declaration; and

WHEREAS, the Governor’s August Executive Order generally prohibits municipalities from allowing more than 50 persons to be gathered at a single location if such gatherings implicitly require persons to stand or to be seated within six feet of any other person; and

WHEREAS, the requirement concerning gatherings contained in the Governor’s August Executive Order, is a direction of prohibition against the gathering of groups of more than 50 persons, not one of permission concerning gatherings of less than 50 persons; and thus, as applied to municipal governments does not conflict with any municipal prohibition against smaller groups on municipal property; and

WHEREAS, wearing a face covering is important not only to protect oneself, but also to avoid unknowingly harming others, especially given that many people who go into public may have COVID-19 without knowing it because they have no symptoms; and

WHEREAS, requiring the use of masks or face coverings is a targeted response that can combat the threat to public health using the least restrictive means, and if people follow this requirement, more extreme measures may be avoided; and

WHEREAS, on June 29, 2020 Goldman Sachs economists released an analysis which concluded that a national mandate requiring the face coverings would boost their use by 15 percent and cut the daily rise in COVID-19 cases a full percentage point to 0.6 percent; and that reducing the spread of COVID-19 by just that small increment “could potentially substitute for lockdowns that would otherwise subtract nearly 5% from GDP”, and could salvage roughly $1 trillion of economic activity; and

WHEREAS, jurisdictions throughout the United States, including in the Southeast, that have imposed mask requirements have seen significant and sustained drops in COVID transmission; and

WHEREAS, in accordance with the City’s police powers and the authority granted to the City to enter emergency orders which are not in conflict with the Governor’s Executive Orders and which are designed to enforce compliance therewith, I am hereby declaring there to be the existence of an emergency within the City of Atlanta pursuant to Section 2-181(a) of the City of Atlanta Code of Ordinances; and

WHEREAS, pursuant this declaration, compliance with the Governor’s August Executive Order shall be enforced, and gatherings of any number of individuals shall be prohibited on City of Atlanta property; and

WHEREAS, additionally, pursuant to this declaration, persons within the jurisdiction of the City of Atlanta shall wear a mask or a cloth face covering over the nose and mouth in accordance with the Governor’s August Executive Order, and as provided specifically herein; and

WHEREAS, this Order is designed to enforce compliance with the Governor’s August Executive Order during the pendency thereof, and to take action consistent therewith; and
